

## Ravens Roost #102

# SUMMER LUAU BULL ROAST

**TO BENEFIT THE "DENISE JENKINS CANCER FUND"**

In December, 2009 Denise, a Giant employee for 28 years, was diagnosed with a malignant brain tumor. Surgery is not an option so she's been receiving chemotherapy and radiation treatment in an effort to shrink it. This cancer is very rare, so Denise is also part of a clinical study at the NIH in Bethesda for research and treatment. Only 10 weeks into her treatment Denise's hospital, doctor, and medicine costs are already astronomical, even with her health insurance benefits. Denise's family; husband CJ and son Jeremy (Giant employees for 29 and 16 years, respectively) have been there to help Denise through this emotional and physically draining journey. Support from family, friends, and coworkers has also helped Denise maintain a positive outlook during her treatment, improving the rate of her progress and healing. ALL proceeds from this event will go directly to the Jenkins family for Denise's medical expenses.
